Extensive areas are dibbled with healthy sandal seeds under bushes systematically over an area of about 2,000 acres annually.

Courses taught by Professors in the University.

Q.—395. **Sri G. A. THIMMAPPA GOWDA** (Arkalgud).—

Will the Government be pleased to state :—

(*a*) whether it is a fact that the Professors are taking only the Honours Classes and not the Pass Courses in the Colleges of Mysore University ;

(*b*) if so, the reasons for the same?

A.—**Sri A. G. RAMACHANDRA RAO** (Minister for Law and Education).—

(*a*) Not so, except in Mathematics and Zoology subjects in the Central College, Bangalore

(*b*) (i) As regards Mathematics, sufficient number of teachers are not available to handle all the Honours and Master's Degree Classes.

(ii) As regards Zoology, the Professor is handling Honours and Master's Degree Classes and post-graduate research.

Co-operative District Banks (exemption from payment of Stamp Duty).

Q.—399. **Sri G. A. THIMMAPPA GOWDA** (Arkalgud).—

Will the Government be pleased to state :—

whether they have received any representation from the Co-operative District Banks to exempt instruments executed in their favour from payment of stamp duty, registration charges and particularly search fee paid to obtain encumbrance certificates ?

A.—**Dr. R. NAGAN GOWDA** (Minister for Agriculture).—

Yes, from the District Co-operative Central Bank Limited, Hassan.

Educated unemployed and the loan advanced to them.

Q.—401. **Sri S. R. NAGAPPA SETTY** (Shimoga).—

Will the Government be pleased to state :—

(*a*) the amount of loan advanced to educated unemployed in the State, District-war from 1950 to 1954 June end ;

(*b*) the industries started by such persons who have received loan ;

(*c*) how many applications are pending now before Government for sanction of loan to aid industries ;

(*d*) whether the uneducated persons who are trained and better skilled in industries will be given loan to start industries ?

A.—**Sri H. SIDDAVEERAPPA** (Minister for Home and Industries).—

		Rs.
(*a*)	Bangalore District	71,900
	Mysore ,,	9 250
	Chitaldrug ,,	6,700
	Kolar ,,	11,000
	Shimoga ,,	3,000
	Tumkur ,,	13,000
	Hassan ,,	7,750
	Mandya ,,	2,000
		1,24,300

(*b*) Tailoring; powerloom weaving ; handloom weaving ; leather industry ; printing press ; carpentry and wood works : smithy ; oil rotary ; sandal-wood and ivory carving , electro-plating and engineering works, etc.

(*c*) Ninety-eight. These are now being considered under the Rural Industrialisation Scheme, as the Scheme for the grant of loans to educated unemployed has since been abolished.

(*d*) Yes ; under the Rural Industrialisation Scheme and the Mysore State Aid to Industries Act, 1951.

Recommendations of Dr. L. C. Coleman.

Q.—402. **Sri S. R. NAGAPPA SETTY** (Shimoga).—

Will the Government be pleased to state :—

(*a*) the decisions of the Government on the recommendations of Dr. L. C.

(SRI S. R. NAGAPPA SETTY.)

Coleman regarding the Departments of Agriculture and Animal Husbandry;

(*b*) the action taken by them to implement the above decisions effectively?

A.—**Dr. R. NAGAN GOWDA** (Minister for Agriculture).—

(*a*) Please see statement below.

(*b*) and (*c*) The Heads of Departments have been requested to take immediate necessary action for implementing the decisions. They are under various stages of implementation.

STATEMENT.

1. Members of the staff of the Research Sections should ordinarily be recruited exclusively from Honours Science Graduates.

2. The equipment of Plant Pathology Department is largely worn out and requires thorough over-hauling.

3. There is no sub section in the Agricultural Chemistry Section for Soil Surveys. A section should be established for surveying Black soil areas under Lakkavalli Reservoir area in Hunsur Taluk and uncultivated areas of the Malnad.

4. Close association should be established between the Plant Pathology and Plant Breeding Sections in order to breed for disease resistence.

5 Senior Plant Breeding Officer should live at or near the station where work is centred.

6. Closer association should be established between the Officers of Research Section and Extension Section.

7. Large wet areas at Babbur hardly justifies its existence.

8. Haradanahalli Farm may be closed.

9 The question of re-opening Kar Ragi Breeding Station which was closed in 1940 to breed Kar Ragi and Other crops suited to this area, may be examined.

10. Multiplication of seeds should be left to private growers.

11. The seed multiplication if done by the Agricultural Department the revenue should exceed expenditure.

12. Research activities may not be expected to pay their way.

13. Starting of a Cocoanut Research Station at Tiptur or Arasikere may be explored.

14. Assistant Directors should not be transferred frequently.

15. Three Assistant Directors who are not trained in Agriculture, may be transferred to Science Sections.

16. Equalisation of Grades of pay for doing the same work should be established.

17. Shifting of Agricultural College to Mandya may be examined.

18. Small herds of dairy draught cattle, sheep and poultry may be kept at Hebbal.

19. In the place of one of the Veterinary Instructors, a man with experience in Animal Husbandry may be employed.

20. The Director of Animal Husbandry may be co-opted as an Adviser (with regard to this for the College).

21. There are proposals for starting Basic Agricultural Schools straightaway to train Village Level Workers for National Extension Blocks at Ramakrishna Krishi Sala and Somanahalli. Estimates may be got prepared.

22. For teaching Agriculture in High Schools and Middle Schools, teachers trained in Agriculture must be appointed. There must be a plot of ground and a well. This may be carried out as far as possible.

23. Regarding Village Improvement Scheme to be under Agricultural Officers in four out of nine Districts, it may be examined if this fits in with National Extension Service Scheme

24. Amrit Mahal Work should be under Dr. Chandresekhar. If he shows abilty, the question of placing him in charge of Breeding work may be implemented.
